Multiplying Decimals Word Problems · 1

Mia buys 24 notebooks for $3.96 each. How many dollars does Mia pay in all?

Multiplying Decimals Word Problems · 2

Ben runs 1.55 kilometers every day. How many kilometers does Ben run in 4 days?

Multiplying Decimals Word Problems · 3

A poster is 3.1 feet tall and 9.7 feet wide. What is its area in square feet?

Multiplying Decimals Word Problems · 4

Max buys 11 notebooks for $1.27 each. How many dollars does Max pay in all?

Multiplying Decimals Word Problems · 5

Nora runs 5.49 kilometers every day. How many kilometers does Nora run in 5 days?

Multiplying Decimals Word Problems · 6

A rectangular rug is 6.1 meters long and 3.5 meters wide. What is its area in square meters?

Multiplying Decimals Word Problems · 7

Zoe buys 12 notebooks for $8.77 each. How many dollars does Zoe pay in all?

Multiplying Decimals Word Problems · 8

Max runs 0.13 kilometers every day. How many kilometers does Max run in 7 days?

Multiplying Decimals Word Problems · 2

ANSWER

6.2

Multiplying Decimals Word Problems · 1

ANSWER

95.04

Multiplying Decimals Word Problems · 4

ANSWER

13.97

Multiplying Decimals Word Problems · 3

ANSWER

30.07

Multiplying Decimals Word Problems · 6

ANSWER

21.35

Multiplying Decimals Word Problems · 5

ANSWER

27.45

Multiplying Decimals Word Problems · 8

ANSWER

0.91

Multiplying Decimals Word Problems · 7

ANSWER

105.24

Multiplying Decimals Word Problems · 9

A rectangular rug is 3.3 meters long and 6.2 meters wide. What is its area in square meters?

Multiplying Decimals Word Problems · 10

Sam has a ribbon 1.5 meters long and uses 0.8 of it. How many meters of ribbon does Sam use?

Multiplying Decimals Word Problems · 11

Rope costs $7.90 per meter. Max buys 8.9 meters. How many dollars does Max pay?

Multiplying Decimals Word Problems · 12

Lily buys 23 notebooks for $5.78 each. How many dollars does Lily pay in all?

Multiplying Decimals Word Problems · 13

A plant grows 5.92 centimeters each week. How many centimeters does it grow in 3 weeks?

Multiplying Decimals Word Problems · 14

A poster is 6.6 feet tall and 6.1 feet wide. What is its area in square feet?

Multiplying Decimals Word Problems · 15

Zoe has a ribbon 6.6 meters long and uses 0.9 of it. How many meters of ribbon does Zoe use?

Multiplying Decimals Word Problems · 16

Rope costs $6.80 per meter. Ava buys 9.9 meters. How many dollars does Ava pay?

Multiplying Decimals Word Problems · 10

ANSWER

1.2

Multiplying Decimals Word Problems · 9

ANSWER

20.46

Multiplying Decimals Word Problems · 12

ANSWER

132.94

Multiplying Decimals Word Problems · 11

ANSWER

70.31

Multiplying Decimals Word Problems · 14

ANSWER

40.26

Multiplying Decimals Word Problems · 13

ANSWER

17.76

Multiplying Decimals Word Problems · 16

ANSWER

67.32

Multiplying Decimals Word Problems · 15

ANSWER

5.94

Multiplying Decimals Word Problems · 17

A poster is 2.1 feet tall and 6.2 feet wide. What is its area in square feet?

Multiplying Decimals Word Problems · 18

Ben has a ribbon 8.5 meters long and uses 0.2 of it. How many meters of ribbon does Ben use?

Multiplying Decimals Word Problems · 19

Apples cost $2.40 per kilogram. Mia buys 7.1 kilograms. How many dollars does Mia pay?

Multiplying Decimals Word Problems · 20

A plant grows 6.09 centimeters each week. How many centimeters does it grow in 5 weeks?

Multiplying Decimals Word Problems · 21

A garden bed is 3.2 meters long and 9.1 meters wide. What is its area in square meters?

Multiplying Decimals Word Problems · 22

Lily has a ribbon 8.5 meters long and uses 0.4 of it. How many meters of ribbon does Lily use?

Multiplying Decimals Word Problems · 23

Apples cost $8.70 per kilogram. Max buys 7.9 kilograms. How many dollars does Max pay?

Multiplying Decimals Word Problems · 24

Leo saves $2.23 every week. How many dollars does Leo save in 13 weeks?

Multiplying Decimals Word Problems · 18

ANSWER

1.7

Multiplying Decimals Word Problems · 17

ANSWER

13.02

Multiplying Decimals Word Problems · 20

ANSWER

30.45

Multiplying Decimals Word Problems · 19

ANSWER

17.04

Multiplying Decimals Word Problems · 22

ANSWER

3.4

Multiplying Decimals Word Problems · 21

ANSWER

29.12

Multiplying Decimals Word Problems · 24

ANSWER

28.99

Multiplying Decimals Word Problems · 23

ANSWER

68.73
