Task card 1 Comparing Lengths with a Ruler

How many centimeters longer is the green crayon than the orange crayon?

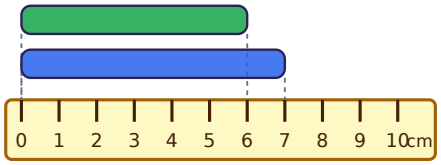

Task card 2 Comparing Lengths with a Ruler

How many centimeters longer is the purple crayon than the orange crayon?

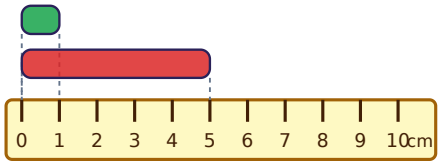

Task card 3 Comparing Lengths with a Ruler

How many centimeters longer is the blue worm than the green worm?

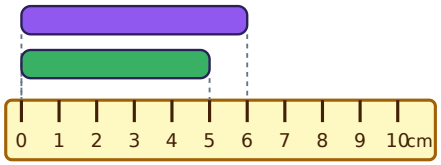

Task card 4 Comparing Lengths with a Ruler

How many centimeters longer is the red worm than the green worm?

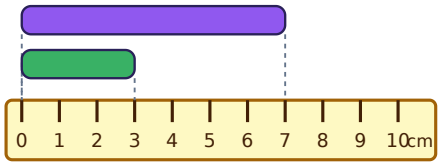

Task card 5 Comparing Lengths with a Ruler

How many centimeters longer is the purple straw than the green straw?

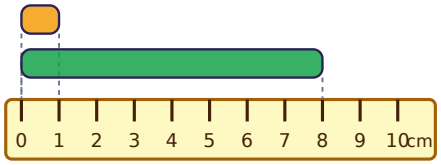

Task card 6 Comparing Lengths with a Ruler

How many centimeters longer is the purple straw than the green straw?

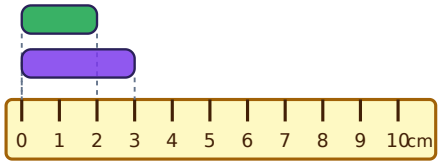

Task card 7 Comparing Lengths with a Ruler

How many centimeters longer is the green worm than the orange worm?

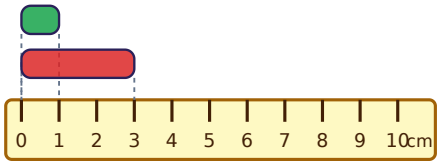

Task card 8 Comparing Lengths with a Ruler

How many centimeters longer is the purple ribbon than the green ribbon?

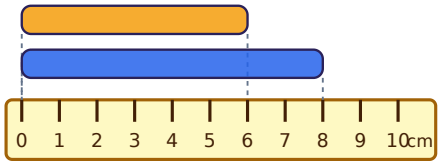

Task card 9 Comparing Lengths with a Ruler

How many centimeters longer is the red worm than the green worm?

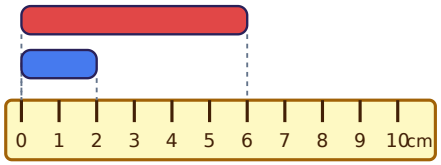

Task card 10 Comparing Lengths with a Ruler

How many centimeters longer is the blue ribbon than the orange ribbon?

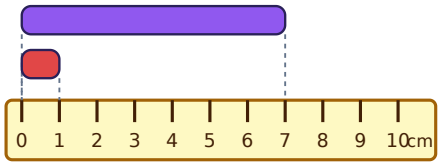

Task card 11 Comparing Lengths with a Ruler

How many centimeters longer is the red string than the blue string?

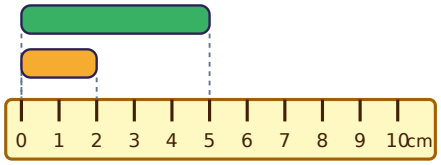

Task card 12 Comparing Lengths with a Ruler

How many centimeters longer is the purple worm than the red worm?

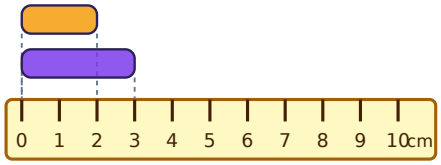

Task card 13 Comparing Lengths with a Ruler

How many centimeters longer is the green crayon than the orange crayon?

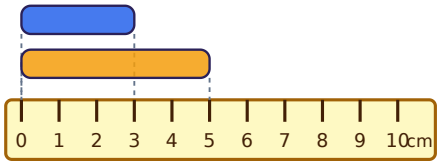

Task card 14 Comparing Lengths with a Ruler

How many centimeters longer is the purple straw than the orange straw?

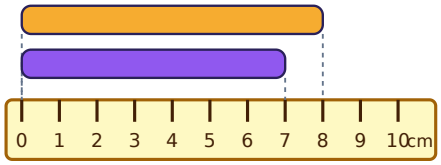

Task card 15 Comparing Lengths with a Ruler

How many centimeters longer is the orange crayon than the blue crayon?

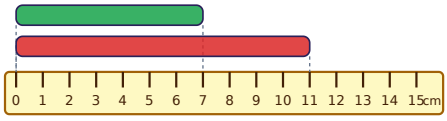

Task card 16 Comparing Lengths with a Ruler

How many centimeters longer is the orange ribbon than the purple ribbon?

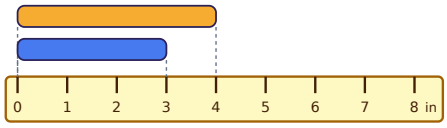

Task card 17 Comparing Lengths with a Ruler

How many centimeters longer is the red straw than the green straw?

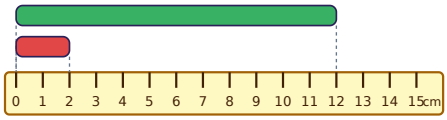

Task card 18 Comparing Lengths with a Ruler

How many inches longer is the orange ribbon than the blue ribbon?

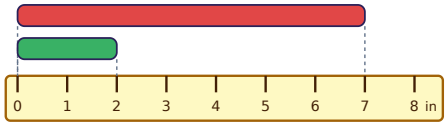

Task card 19 Comparing Lengths with a Ruler

How many centimeters longer is the green straw than the red straw?

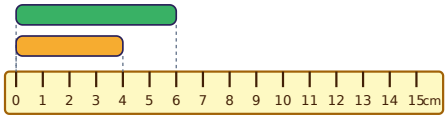

Task card 20 Comparing Lengths with a Ruler

How many inches longer is the red worm than the green worm?

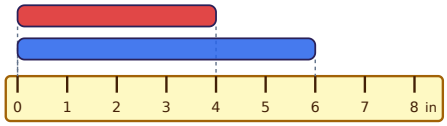

Task card 21 Comparing Lengths with a Ruler

How many centimeters longer is the green ribbon than the orange ribbon?

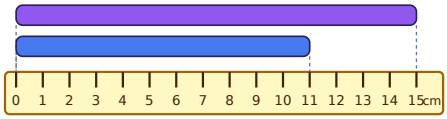

Task card 22 Comparing Lengths with a Ruler

How many inches longer is the blue ribbon than the red ribbon?

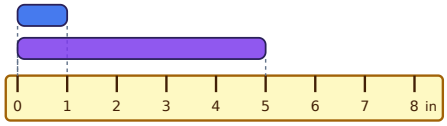

Task card 23 Comparing Lengths with a Ruler

How many centimeters longer is the purple straw than the blue straw?

Task card 24 Comparing Lengths with a Ruler

How many inches longer is the purple straw than the blue straw?

Comparing Lengths with a Ruler Task Cards

Recording sheet · Grade 2 · Measure both objects with the ruler, then answer the question.

Name: _____ Date: _____

Scan to check your answers

1	2	3	4
