Task card 1 Measuring in Inches & Centimeters

How long is the straw in inches?

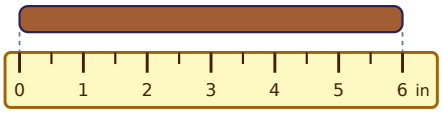

Task card 2 Measuring in Inches & Centimeters

How long is the straw in centimeters?

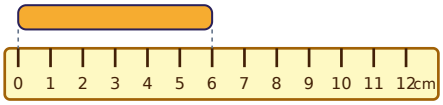

Task card 3 Measuring in Inches & Centimeters

How long is the stick in inches?

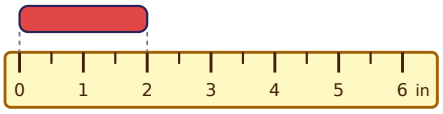

Task card 4 Measuring in Inches & Centimeters

How long is the pencil in centimeters?

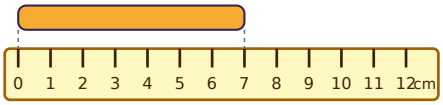

Task card 5 Measuring in Inches & Centimeters

How long is the worm in inches?

Task card 6 Measuring in Inches & Centimeters

How long is the pencil in centimeters?

Task card 7 Measuring in Inches & Centimeters

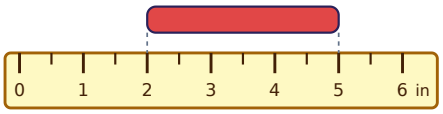

A pencil is 4 centimeters long. If you measure it in inches, will the number be more or less than 4? Write more or less.

Task card 8 Measuring in Inches & Centimeters

A straw is 4 centimeters long. If you measure it in inches, will the number be more or less than 4? Write more or less.

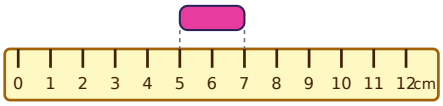

Task card 9 Measuring in Inches & Centimeters

How long is the worm in inches? Careful — it does not start at 0!

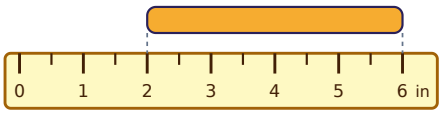

Task card 10 Measuring in Inches & Centimeters

How long is the crayon in centimeters? Careful — it does not start at 0!

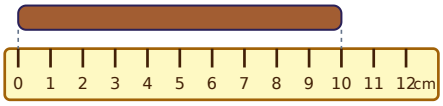

Task card 11 Measuring in Inches & Centimeters

How long is the pencil in inches? Careful — it does not start at 0!

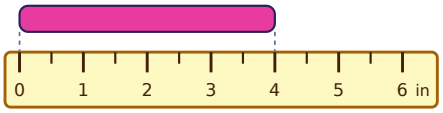

Task card 12 Measuring in Inches & Centimeters

How long is the stick in centimeters?

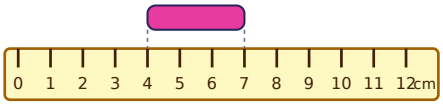

Task card 13 Measuring in Inches & Centimeters

How long is the crayon in inches?

Task card 14 Measuring in Inches & Centimeters

How long is the crayon in centimeters? Careful — it does not start at 0!

Task card 15 Measuring in Inches & Centimeters

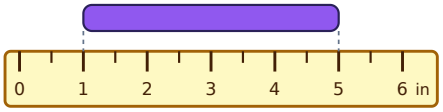

A ribbon is 3 centimeters long. If you measure it in inches, will the number be more or less than 3? Write more or less.

Task card 16 Measuring in Inches & Centimeters

Which is a better estimate for the length of a marker in centimeters: 13 or 130?

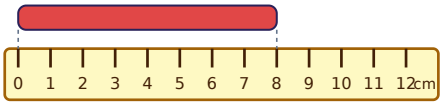

Task card 17 Measuring in Inches & Centimeters

How long is the ribbon in inches? Careful — it does not start at 0!

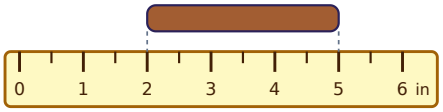

Task card 18 Measuring in Inches & Centimeters

How long is the worm in centimeters?

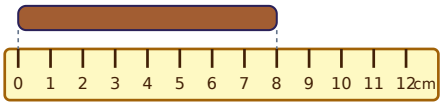

Task card 19 Measuring in Inches & Centimeters

How long is the stick in inches? Careful — it does not start at 0!

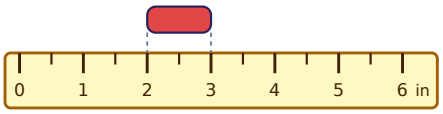

Task card 20 Measuring in Inches & Centimeters

How long is the stick in centimeters?

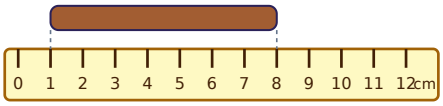

Task card 21 Measuring in Inches & Centimeters

How long is the worm in inches? Careful — it does not start at 0!

Task card 22 Measuring in Inches & Centimeters

How long is the stick in centimeters? Careful — it does not start at 0!

Task card 23 Measuring in Inches & Centimeters

Which is a better estimate for the length of a shoe in inches: 9 or 90?

Task card 24 Measuring in Inches & Centimeters

Which is a better estimate for the length of a paper clip in centimeters: 3 or 30?
