Solving & Graphing Two-Step Inequalities · 1

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 2

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 3

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 4

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 5

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 6

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 7

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 8

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 2

ANSWER

$x \geq -8$

Solving & Graphing Two-Step Inequalities · 1

ANSWER

$x \geq -2$

Solving & Graphing Two-Step Inequalities · 4

ANSWER

$x \geq 6$

Solving & Graphing Two-Step Inequalities · 3

ANSWER

$x \geq 3$

Solving & Graphing Two-Step Inequalities · 6

ANSWER

$x \geq 1$

Solving & Graphing Two-Step Inequalities · 5

ANSWER

$x \leq -4$

Solving & Graphing Two-Step Inequalities · 8

ANSWER

$x \leq 7$

Solving & Graphing Two-Step Inequalities · 7

ANSWER

$x \leq -8$

Solving & Graphing Two-Step Inequalities · 9

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 10

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 11

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 12

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 13

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 14

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 15

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 16

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 10

ANSWER

$x \leq 3$

Solving & Graphing Two-Step Inequalities · 9

ANSWER

$x > 1$

Solving & Graphing Two-Step Inequalities · 12

ANSWER

$x \leq 4$

Solving & Graphing Two-Step Inequalities · 11

ANSWER

$x > 7$

Solving & Graphing Two-Step Inequalities · 14

ANSWER

$x \leq 6$

Solving & Graphing Two-Step Inequalities · 13

ANSWER

$x > 8$

Solving & Graphing Two-Step Inequalities · 16

ANSWER

$x \leq -7$

Solving & Graphing Two-Step Inequalities · 15

ANSWER

$x \leq -2$

Solving & Graphing Two-Step Inequalities · 17

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 18

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 19

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 20

Write the inequality shown by the graph. Use x as the variable.

Solving & Graphing Two-Step Inequalities · 18

ANSWER

$x > -8$

Solving & Graphing Two-Step Inequalities · 17

ANSWER

$x \geq 0$

Solving & Graphing Two-Step Inequalities · 20

ANSWER

$x \leq -6$

Solving & Graphing Two-Step Inequalities · 19

ANSWER

$x > -4$
