Fact Families: Multiplication & Division · 1

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

Fact Families: Multiplication & Division · 2

To find 60 ÷ 10, think: 10 × ___ = 60. What is 60 ÷ 10?

Fact Families: Multiplication & Division · 3

___ × 10 = 60

Fact Families: Multiplication & Division · 4

70 ÷ 10 = 7, so 7 × ___ = 70

Fact Families: Multiplication & Division · 5

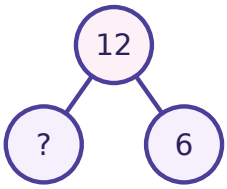

55 ÷ 1 = ___

Fact Families: Multiplication & Division · 6

___ ÷ 3 = 2

Fact Families: Multiplication & Division · 7

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

Fact Families: Multiplication & Division · 8

Which fact is NOT in the fact family of 4, 9 and 36? A) 4 × 9 = 36 B) 36 ÷ 4 = 9 C) 9 × 4 = 36 D) 36 ÷ 9 = 5. Write A, B, C or D.

Fact Families: Multiplication & Division · 2

ANSWER

6

Fact Families: Multiplication & Division · 1

ANSWER

80

Fact Families: Multiplication & Division · 4

ANSWER

10

Fact Families: Multiplication & Division · 3

ANSWER

6

Fact Families: Multiplication & Division · 6

ANSWER

6

Fact Families: Multiplication & Division · 5

ANSWER

55

Fact Families: Multiplication & Division · 8

ANSWER

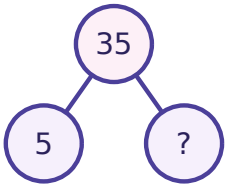

D

Fact Families: Multiplication & Division · 7

ANSWER

2

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

To find 16 ÷ 8, think: 8 × ___ = 16. What is 16 ÷ 8?

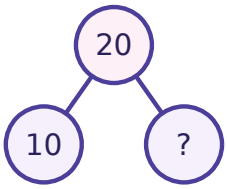

___ × 10 = 70

36 ÷ 6 = 6, so 6 × ___ = 36

17 ÷ 1 = ___

___ × 3 = 21

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

Which fact is NOT in the fact family of 4, 9 and 36? A) 4 × 9 = 36 B) 36 ÷ 4 = 9 C) 9 × 4 = 36 D) 4 + 9 = 36. Write A, B, C or D.

2

Fact Families: Multiplication & Division · 9

ANSWER

7

Fact Families: Multiplication & Division · 12

ANSWER

6

Fact Families: Multiplication & Division · 11

ANSWER

7

Fact Families: Multiplication & Division · 14

ANSWER

7

Fact Families: Multiplication & Division · 13

ANSWER

17

Fact Families: Multiplication & Division · 16

ANSWER

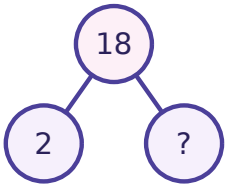

D

Fact Families: Multiplication & Division · 15

ANSWER

2

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

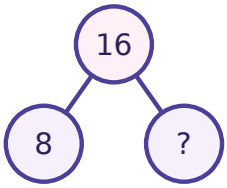

To find 18 ÷ 6, think: 6 × ___ = 18. What is 18 ÷ 6?

81 ÷ 9 = 9, so 9 × ___ = 81

59 ÷ ___ = 59

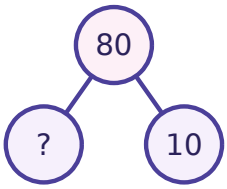

21 ÷ ___ = 7

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

Which fact is NOT in the fact family of 3, 4 and 12? A) 3 × 4 = 12 B) 12 ÷ 3 = 4 C) 4 × 3 = 12 D) 12 ÷ 4 = 4. Write A, B, C or D.

The top number is the product of the two bottom numbers. What is the missing number in this fact family?

Fact Families: Multiplication & Division · 18

ANSWER

3

Fact Families: Multiplication & Division · 17

ANSWER

9

Fact Families: Multiplication & Division · 20

ANSWER

1

Fact Families: Multiplication & Division · 19

ANSWER

9

Fact Families: Multiplication & Division · 22

ANSWER

2

Fact Families: Multiplication & Division · 21

ANSWER

3

Fact Families: Multiplication & Division · 24

ANSWER

8

Fact Families: Multiplication & Division · 23

ANSWER

D
