Unit Fractions · 1

The shape is cut into equal parts. What unit fraction names the shaded part?

Unit Fractions · 2

The shaded part shows $\frac{3}{3}$. How many copies of $\frac{1}{3}$ is that?

Unit Fractions · 3

Compare: $\frac{1}{3}$ ___ $\frac{1}{6}$. Write >, <, or =.

Unit Fractions · 4

This piece is $\frac{1}{3}$ of a whole bar. How many of these pieces make the whole bar?

whole bar

Unit Fractions · 5

Put together 3 pieces that are each $\frac{1}{4}$ of the same whole. What fraction of the whole is that?

Unit Fractions · 6

Two same-size pizzas are cut into equal slices. One pizza has 4 slices and the other has 6 slices. Which slice is bigger: $\frac{1}{4}$ or $\frac{1}{6}$? Write the fraction.

Unit Fractions · 7

The shape is cut into equal parts. What unit fraction names the shaded part?

Unit Fractions · 8

The shaded part shows $\frac{2}{4}$. How many copies of $\frac{1}{4}$ is that?

Unit Fractions · 2

ANSWER

3

ANSWER

2

Unit Fractions · 15

ANSWER

$\frac{1}{6}$

Unit Fractions · 17

The shape is cut into equal parts. What unit fraction names the shaded part?

Unit Fractions · 18

The shaded part shows $\frac{3}{3}$. How many copies of $\frac{1}{3}$ is that?

Unit Fractions · 19

Compare: $\frac{1}{3}$ ___ $\frac{1}{2}$. Write >, <, or =.

Unit Fractions · 20

This piece is $\frac{1}{3}$ of a whole bar. How many of these pieces make the whole bar?

whole bar

Unit Fractions · 21

Put together 2 pieces that are each $\frac{1}{3}$ of the same whole. What fraction of the whole is that?

Unit Fractions · 22

The shape is cut into equal parts. What unit fraction names the shaded part?

Unit Fractions · 23

The shaded part shows $\frac{6}{6}$. How many copies of $\frac{1}{6}$ is that?

Unit Fractions · 24

The shape is cut into equal parts. What unit fraction names the shaded part?

Unit Fractions · 18

ANSWER

3

Unit Fractions · 17

ANSWER

$\frac{1}{2}$

Unit Fractions · 20

ANSWER

3

Unit Fractions · 19

ANSWER

$<$

Unit Fractions · 22

ANSWER

$\frac{1}{3}$

Unit Fractions · 21

ANSWER

$\frac{2}{3}$

Unit Fractions · 24

ANSWER

$\frac{1}{6}$

Unit Fractions · 23

ANSWER

6
