Task card 1 Measuring Angles with a Protractor

What is the measure of the angle?

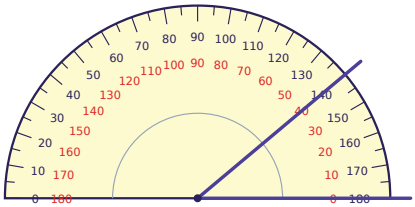

Task card 2 Measuring Angles with a Protractor

What is the measure of the angle?

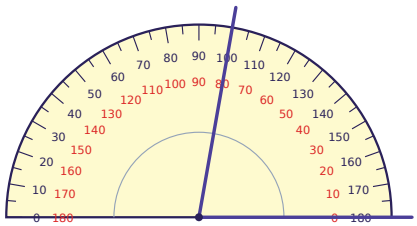

Task card 3 Measuring Angles with a Protractor

What is the measure of the angle?

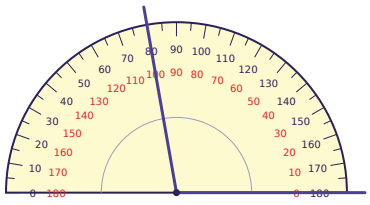

Task card 4 Measuring Angles with a Protractor

Is the angle acute, right or obtuse?

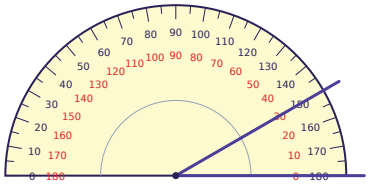

Task card 5 Measuring Angles with a Protractor

Lena says this angle measures 100°. Is Lena right? (yes or no)

Task card 6 Measuring Angles with a Protractor

Omar says this angle measures 150°. Is Omar right? (yes or no)

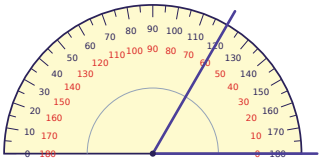

Task card 7 Measuring Angles with a Protractor

A ray crosses a protractor where one scale shows 60 and the other scale shows 120. The angle is smaller than a right angle. What is the measure of the angle?

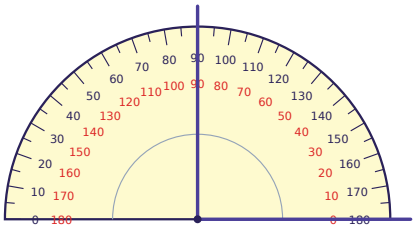

Task card 8 Measuring Angles with a Protractor

A straight angle is 180°. How many more degrees does this angle need to make a straight angle?

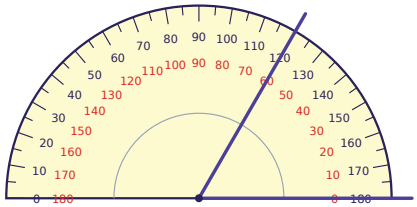

Task card 9 Measuring Angles with a Protractor

What is the measure of the angle?

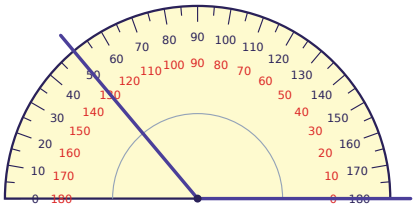

Task card 10 Measuring Angles with a Protractor

What is the measure of the angle?

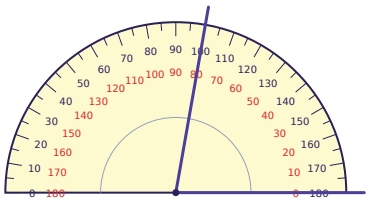

Task card 11 Measuring Angles with a Protractor

Is the angle acute, right or obtuse?

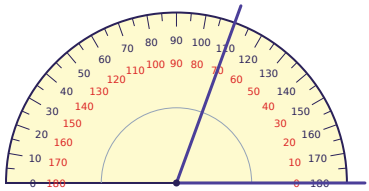

Task card 12 Measuring Angles with a Protractor

Aisha says this angle measures 100°. Is Aisha right? (yes or no)

Task card 13 Measuring Angles with a Protractor

Eli says this angle measures 70°. Is Eli right? (yes or no)

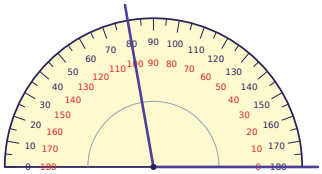

Task card 14 Measuring Angles with a Protractor

A ray crosses a protractor where one scale shows 20 and the other scale shows 160. The angle is smaller than a right angle. What is the measure of the angle?

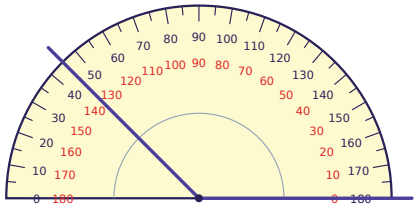

Task card 15 Measuring Angles with a Protractor

A straight angle is 180°. How many more degrees does this angle need to make a straight angle?

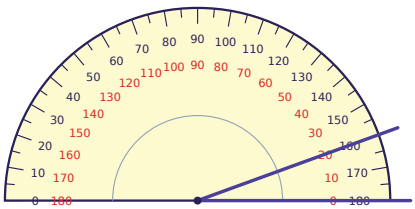

Task card 16 Measuring Angles with a Protractor

What is the measure of the angle?

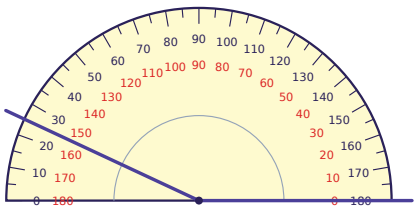

Task card 17 Measuring Angles with a Protractor

What is the measure of the angle?

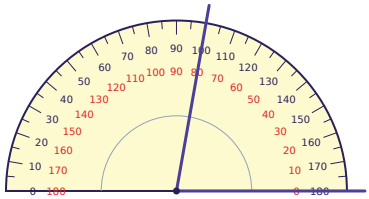

Task card 18 Measuring Angles with a Protractor

Is the angle acute, right or obtuse?

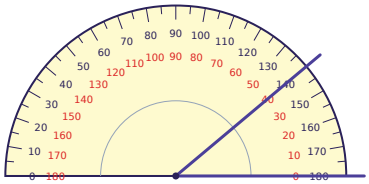

Task card 19 Measuring Angles with a Protractor

Aisha says this angle measures 80°. Is Aisha right? (yes or no)

Task card 20 Measuring Angles with a Protractor

Tom says this angle measures 40°. Is Tom right? (yes or no)

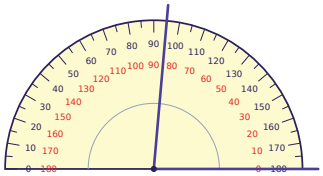

Task card 21 Measuring Angles with a Protractor

A ray crosses a protractor where one scale shows 15 and the other scale shows 165. The angle is smaller than a right angle. What is the measure of the angle?

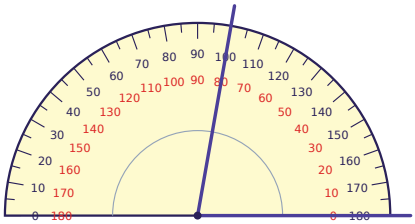

Task card 22 Measuring Angles with a Protractor

A straight angle is 180°. How many more degrees does this angle need to make a straight angle?

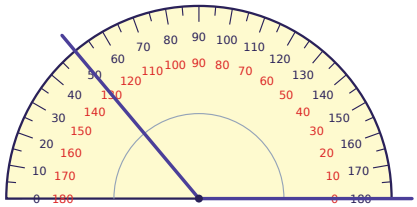

Task card 23 Measuring Angles with a Protractor

What is the measure of the angle?

Task card 24 Measuring Angles with a Protractor

What is the measure of the angle?

Measuring Angles with a Protractor Task Cards

Recording sheet · Grade 4 · Read the protractor and answer each question. Angle measures are in degrees.
