Task card 1 Measuring Angles with a Protractor

What is the measure of the angle?

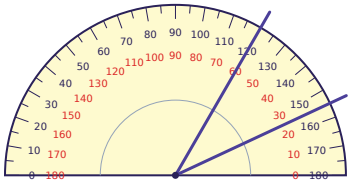

Task card 2 Measuring Angles with a Protractor

The angle opens from the left. What is the measure of the angle?

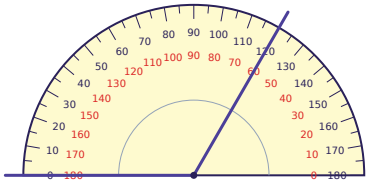

Task card 3 Measuring Angles with a Protractor

Neither ray is on 0. What is the measure of the angle?

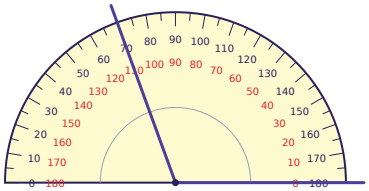

Task card 4 Measuring Angles with a Protractor

The angle opens from the left. Is the angle acute, right or obtuse?

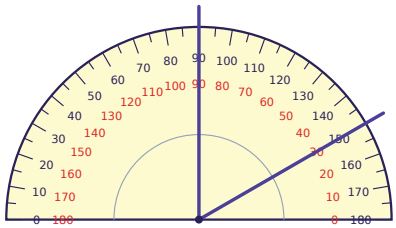

Task card 5 Measuring Angles with a Protractor

Rosa says this angle measures 110°. Is Rosa right? (yes or no)

Task card 6 Measuring Angles with a Protractor

Neither ray is on 0. Rosa says this angle measures 90°. Is Rosa right? (yes or no)

Task card 7 Measuring Angles with a Protractor

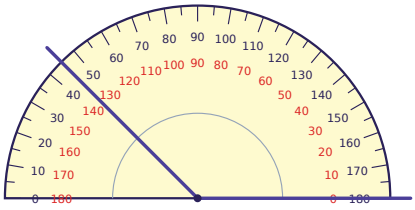

A ray crosses a protractor where one scale shows 155 and the other scale shows 25. The angle is bigger than a right angle. What is the measure of the angle?

Task card 8 Measuring Angles with a Protractor

One ray of an angle points at 40 and the other ray points at 20 on the same scale of a protractor. What is the measure of the angle?

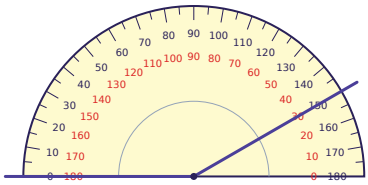

Task card 9 Measuring Angles with a Protractor

What is the measure of the angle?

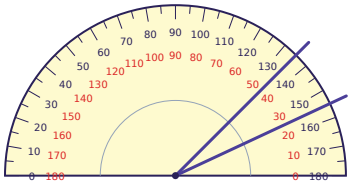

Task card 10 Measuring Angles with a Protractor

The angle opens from the left. What is the measure of the angle?

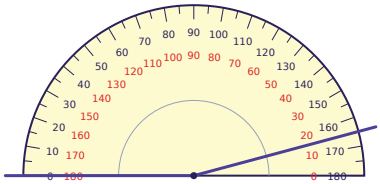

Task card 11 Measuring Angles with a Protractor

Neither ray is on 0. What is the measure of the angle?

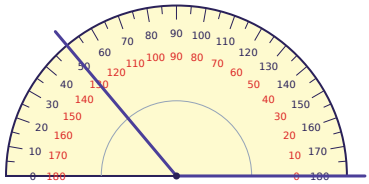

Task card 12 Measuring Angles with a Protractor

The angle opens from the left. Is the angle acute, right or obtuse?

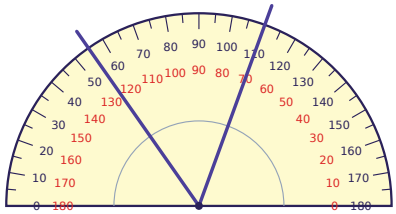

Task card 13 Measuring Angles with a Protractor

Aisha says this angle measures 50°. Is Aisha right? (yes or no)

Task card 14 Measuring Angles with a Protractor

Neither ray is on 0. Aisha says this angle measures 125°. Is Aisha right? (yes or no)

Task card 15 Measuring Angles with a Protractor

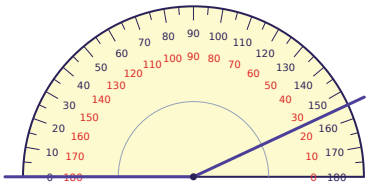

A ray crosses a protractor where one scale shows 50 and the other scale shows 130. The angle is smaller than a right angle. What is the measure of the angle?

Task card 16 Measuring Angles with a Protractor

One ray of an angle points at 145 and the other ray points at 30 on the same scale of a protractor. What is the measure of the angle?

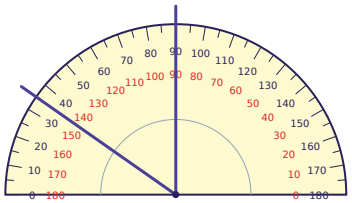

Task card 17 Measuring Angles with a Protractor

The angle opens from the left. What is the measure of the angle?

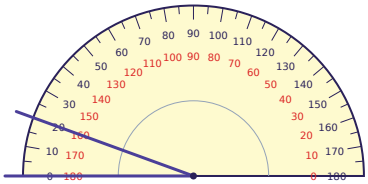

Task card 18 Measuring Angles with a Protractor

Neither ray is on 0. What is the measure of the angle?

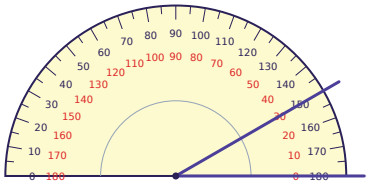

Task card 19 Measuring Angles with a Protractor

The angle opens from the left. Is the angle acute, right or obtuse?

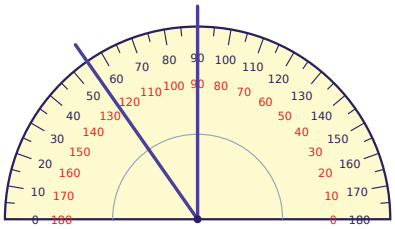

Task card 20 Measuring Angles with a Protractor

Maya says this angle measures 30°. Is Maya right? (yes or no)

Task card 21 Measuring Angles with a Protractor

Neither ray is on 0. Eli says this angle measures 125°. Is Eli right? (yes or no)

Task card 22 Measuring Angles with a Protractor

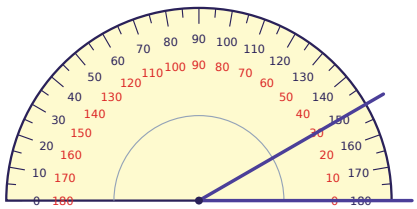

A ray crosses a protractor where one scale shows 65 and the other scale shows 115. The angle is smaller than a right angle. What is the measure of the angle?

Task card 23 Measuring Angles with a Protractor

One ray of an angle points at 15 and the other ray points at 155 on the same scale of a protractor. What is the measure of the angle?

Task card 24 Measuring Angles with a Protractor

What is the measure of the angle?

Measuring Angles with a Protractor Task Cards

Recording sheet · Grade 4 · Read the protractor and answer each question. Angle measures are in degrees.

Name: _____ Date: _____
