**Task card 1** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 2** Integers, Opposites & the Number L...

Write an integer to represent an elevator going down 14 floors.

**Task card 3** Integers, Opposites & the Number L...

What is the opposite of -18?

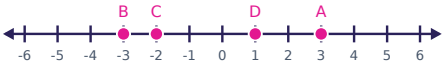

**Task card 4** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 5** Integers, Opposites & the Number L...

Which point shows the opposite of the number at point A?

**Task card 6** Integers, Opposites & the Number L...

Write an integer to represent an elevator going down 16 floors.

**Task card 7** Integers, Opposites & the Number L...

What is the opposite of -12?

**Task card 8** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 9** Integers, Opposites & the Number L...

Write an integer to represent a temperature of 25 degrees above zero.

**Task card 10** Integers, Opposites & the Number L...

What is the opposite of -16?

**Task card 11** Integers, Opposites & the Number L...

Which point shows the opposite of the number at point A?

**Task card 12** Integers, Opposites & the Number L...

Write an integer to represent a bird flying 2 feet above sea level.

**Task card 13** Integers, Opposites & the Number L...

What is the opposite of -8?

**Task card 14** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 15** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 16** Integers, Opposites & the Number L...

Write an integer to represent a withdrawal of 31 dollars from a bank account.

**Task card 17** Integers, Opposites & the Number L...

What is the opposite of -5?

**Task card 18** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 19** Integers, Opposites & the Number L...

Which point shows the opposite of the number at point A?

**Task card 20** Integers, Opposites & the Number L...

Write an integer to represent a submarine 33 feet below sea level.

**Task card 21** Integers, Opposites & the Number L...

What is the opposite of -40?

**Task card 22** Integers, Opposites & the Number L...

What integer is shown by point A?

**Task card 23** Integers, Opposites & the Number L...

Write an integer to represent a temperature of 13 degrees below zero.

**Task card 24** Integers, Opposites & the Number L...

What is the opposite of -13?
