Slope from a Graph, Table or Two Points · 1

Find the slope of the line.

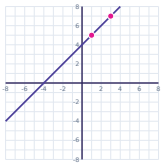

Slope from a Graph, Table or Two Points · 2

Find the slope of the line through (-1, -9) and (-2, -8).

Slope from a Graph, Table or Two Points · 3

Find the slope of the line.

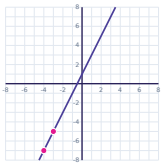

Slope from a Graph, Table or Two Points · 4

Find the slope of the line through (-9, -6) and (-11, -5).

Slope from a Graph, Table or Two Points · 5

Find the slope of the line.

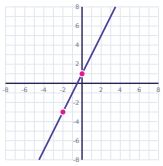

Slope from a Graph, Table or Two Points · 6

Find the slope of the line through (-5, -4) and (-4, -3).

Slope from a Graph, Table or Two Points · 7

Find the slope of the line.

Slope from a Graph, Table or Two Points · 8

Find the slope of the line through (-5, 3) and (-4, 7).

Slope from a Graph, Table or Two Points · 2

ANSWER

-1

Slope from a Graph, Table or Two Points · 1

ANSWER

2

Slope from a Graph, Table or Two Points · 4

ANSWER

$-\frac{1}{2}$

Slope from a Graph, Table or Two Points · 3

ANSWER

1

Slope from a Graph, Table or Two Points · 6

ANSWER

1

Slope from a Graph, Table or Two Points · 5

ANSWER

2

Slope from a Graph, Table or Two Points · 8

ANSWER

4

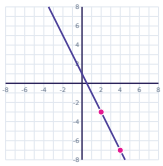

Slope from a Graph, Table or Two Points · 7

ANSWER

2

Slope from a Graph, Table or Two Points · 9

Find the slope of the line.

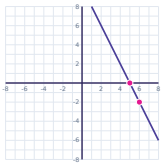

Slope from a Graph, Table or Two Points · 10

Find the slope of the line through (-5, 2) and (-4, 5).

Slope from a Graph, Table or Two Points · 11

Find the slope of the line.

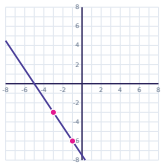

Slope from a Graph, Table or Two Points · 12

Find the slope of the line through (-9, -3) and (-8, -5).

Slope from a Graph, Table or Two Points · 13

Find the slope of the line.

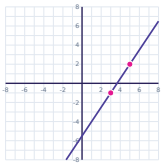

Slope from a Graph, Table or Two Points · 14

Find the slope of the line through (-2, -5) and (1, -2).

Slope from a Graph, Table or Two Points · 15

Find the slope of the line.

Slope from a Graph, Table or Two Points · 16

Find the slope of the line through (-5, -8) and (-3, -11).

Slope from a Graph, Table or Two Points · 10

ANSWER

3

Slope from a Graph, Table or Two Points · 9

ANSWER

-2

Slope from a Graph, Table or Two Points · 12

ANSWER

-2

Slope from a Graph, Table or Two Points · 11

ANSWER

-2

Slope from a Graph, Table or Two Points · 14

ANSWER

1

Slope from a Graph, Table or Two Points · 13

ANSWER

$$\frac{3}{-2}$$

Slope from a Graph, Table or Two Points · 16

ANSWER

$$\frac{3}{-2}$$

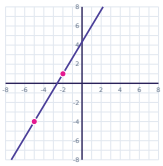

Slope from a Graph, Table or Two Points · 15

ANSWER

$$\frac{3}{2}$$

Slope from a Graph, Table or Two Points · 17

Find the slope of the line.

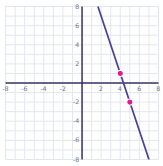

Slope from a Graph, Table or Two Points · 18

Find the slope of the line through (4, -7) and (7, -9).

Slope from a Graph, Table or Two Points · 19

Find the slope of the line.

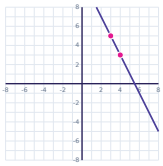

Slope from a Graph, Table or Two Points · 20

Find the slope of the line through (-3, -3) and (-5, 0).

Slope from a Graph, Table or Two Points · 21

Find the slope of the line.

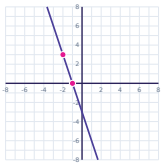

Slope from a Graph, Table or Two Points · 22

Find the slope of the line through (9, -8) and (7, -6).

Slope from a Graph, Table or Two Points · 23

Find the slope of the line.

Slope from a Graph, Table or Two Points · 24

Find the slope of the line through (-5, -2) and (-6, -3).

Slope from a Graph, Table or Two Points · 18

ANSWER

$$\frac{2}{-3}$$

Slope from a Graph, Table or Two Points · 17

ANSWER

$$\frac{5}{3}$$

Slope from a Graph, Table or Two Points · 20

ANSWER

$$\frac{3}{-2}$$

Slope from a Graph, Table or Two Points · 19

ANSWER

$$-3$$

Slope from a Graph, Table or Two Points · 22

ANSWER

$$-1$$

Slope from a Graph, Table or Two Points · 21

ANSWER

$$-2$$

Slope from a Graph, Table or Two Points · 24

ANSWER

$$1$$

Slope from a Graph, Table or Two Points · 23

ANSWER

$$-3$$
